

Developing an Entrepreneurial mindset through serious games

Subject area: Entrepreneurship

University: DTU
Level: MA all years
Teaching mode: completely online, at specific time
Instructor(s): Robin van Oorscot

Short description

The course aims to prepare students to use an entrepreneurial mindset in a variety of professional contexts. The course will help students develop skills to cope with the dynamic and complex environment where technology meets business, which can be either in a startup, but also in a university or company setting.
